Nate...

What is the Council Office's position of this new tenant? Is it not pretty clear that this new medical marijuana outlet violates City policy? What is the Council Office going to do about it? Where is the City Attorney's Office on this issue? (I'm hearing that LAPD action is blocked by the City Attorney. If he can be tough on bill boards, why not new and improperly opened marijuana outlets?) What kind of community leadership is the Councilman going to provide? Isn't this the kind of issue that the Councilman really wants to seize for the benefit of his constituents? How can we do nothing when an improper medical marijuana outlet wants to move in next to a little girls' dance studio?

We appreciate your help Nate. Thank you.
